Cambridge IGCSE and O Level Geography has been written specifically for Cambridge International syllabuses 0460 and 2217. Filled with sources, graphs and case studies, the coursebook requires students to examine a range of information, helping to build their analytical skills. Written by highly experienced authors and Cambridge trainers, this coursebook is updated to support both Cambridge IGCSE and O Level students. It includes clear and practical support, case studies from 25 different countries, fieldwork ideas and a range of interesting content. The accompanying CD-ROM contains support sheets for the topics covered, outline maps and sample exam-style questions. Answers to the activities are in the teacher's resource.

Reinforce students' geographical understanding throughout their course; clear topic summaries with sample questions and answers help students improve their exam technique and achieve their best. Written by teachers with extensive examining experience, this guide: - Helps students identify what they need to know with a concise summary of the topics examined at AS and A-level - Consolidates understanding through assessment tips and knowledge-check questions - Offers opportunities for students to improve their exam technique by consulting sample graded answers to exam-style questions - Develops independent learning and research skills - Provides the content students need to produce their own revision notes

This title is endorsed by Cambridge Assessment International Education to support the full syllabus for examination from 2020. Critically observe and investigate the three geographical themes in the latest Cambridge IGCSE and O Level Geography syllabuses (0460//0976/2217) and ensure full coverage with a comprehensive guide to all themes, skills and coursework required. - Trust experienced authors and teachers to guide you through the required topics and facts. - Navigate the syllabuses confidently with relevant key questions at the start of each chapter. - Deepen understanding of geographical concepts through up-to-date case studies from around the world. - Check comprehension with case study analyses and activities throughout. - Consolidate learning with definitions of key terms, topic summaries, additional questions, further help with case studies and images online. Available in this series: Student Textbook Third edition (ISBN 9781510421363) Student eTextbook (ISBN 9781510420359) Whiteboard eTextbook (ISBN 9781510420366) Workbook (ISBN 9781510421387) Online Teacher's Guide (ISBN 9781510424166) Study and Revision Guide (ISBN 9781510421394)

Help your students to develop the geographical skills and knowledge they need to succeed using this new Edition Student book, which includes new case studies and practice questions. Written by our expert author team, the new edition is structured to provide support for A-Level Geography learners of all abilities. The book includes: · Activities and regular review questions to reinforce geographical knowledge and build up core geographical skills · Clear explanations to help students to grapple with tricky geographical concepts and grasp links between topics · Case studies from around the world to vividly demonstrate geographical theory in action · Exciting fieldwork projects that meet the fieldwork and investigation requirements This student book is supported by digital resources on our new digital platform Boost, providing a seamless online and offline teaching experience.
