Voodoo vs. Hoodoo: What's the Difference?

Hoodoo was created by enslaved Africans within the boundaries of North America. Hoodoo is a mixture of African, Native American and European Christian folk practices. Hoodoo has a long history [citation needed] of being tied to class conflict, hardship, and looking to one's ancestors in trying times. It is also described as being a counter-culture of the down-trodden and the underdog.

of human life, from the ancient Aztec nation's human sacrifices to the simple act of brushing one's teeth in the morning.

They can impart a sense of history, comfort, community, stability and at other times, power, mystery and horror. Some are grounded in centuries of tradition or superstition, while others are unique, individual creations. In this collection of 22 stories, you'll find the darker side of ritual in all the various forms you can imagine—from the ancient and ceremonial to the simple and homegrown. Some have real power, while others simply exist in the convoluted recesses of someone's mind. Some produce the desired effect, while others have an entirely different result. What binds them all together is the simple truth of any good ritual. Their practitioners -- and you, the reader -- just might be unalterably changed by them.

The Voodoo Hoodoo Spellbook is a rich compendium of more than 300 authentic Voodoo and Hoodoo recipes, rituals, and spells for love, justice, gambling luck, prosperity, health, and success. Cultural psychologist and root worker Denise Alvarado, who grew up in New Orleans, draws from a lifetime of recipes and spells learned from family, friends, and local practitioners. She traces the history of the African-based folk magic brought by slaves to New Orleans, and shows how it evolved over time to include influences from Native American spirituality, Catholicism, and Pentecostalism. She shares her research into folklore collections and 19th- and 20th- century formularies along with her own magical arts. The Voodoo Hoodoo Spellbook includes more than 100 spells for

In this book, Katrina Hazzard-Donald explores African Americans' experience and practice of the herbal, healing folk belief tradition known as Hoodoo. Working against conventional scholarship, Hazzard-Donald argues that Hoodoo emerged first in three distinct regions she calls "regional Hoodoo clusters" and that after the turn of the nineteenth century, Hoodoo took on a national rather than regional profile. The first interdisciplinary examination to incorporate a full glossary

of Hoodoo culture, *Mojo Workin': The Old African American Hoodoo System* lays out the movement of Hoodoo against a series of watershed changes in the American cultural landscape. Throughout, Hazzard-Donald distinguishes between "Old tradition Black Belt Hoodoo" and commercially marketed forms that have been controlled, modified, and often fabricated by outsiders; this study focuses on the hidden system operating almost exclusively among African Americans in the Black spiritual underground.

Spiritual churches in the United States represent one of several religious movements that African Americans have

adopted in their efforts to cope with mainstream society. In this groundbreaking work, first published in 1984, Hans A. Baer explores the richness and creativity of Black Spiritualism, setting forth an illuminating ethnography of the movement that corrects numerous stereotypes of African American religion. Baer shows that the Spiritual churches blend diverse elements, borrowing aspects of African American Protestantism, American Spiritualism, Roman Catholicism, Voodoo, and black ethno-medicine, occasionally even including aspects of Islam, Judaism, New Thought, and Ethiopianism. He describes not only the history, structure, ideology, and practices of the churches but also the process of syncretism within them and their role within the African American community. In addition, Baer examines how the Spiritual movement juxtaposes

elements of protest and accommodation to racism and class stratification in U.S. society This second edition includes a new preface and a new epilogue in which Baer discusses his methodology in researching the Black Spiritual Movement, describes his meetings with pastors and congregation members, and summarizes his most recent research in the field.
