"The Power of Unfair Advantage" is an essential handbook for every manager who is responsible for introducing a new product or service and every entrepreneur and would-be who plans to start a company. Unfair advantage is here to stay -- learn how to lasso its power, rise above the competition, and build a flourishing, long-lasting business....more

The Power of Unfair Advantage: How to Create It, Build it ...

"Unfair Advantage" is all about attractiveness to the customer and competitive advantage. In our VC investing practice at Canaan Partners, we constantly evaluate our current and prospective portfolio companies in terms of uniqueness and value proposition. John flushes out those notions and is right on the money.

Examines the traditional assumptions of obtaining financial security through salaried jobs and and small business, and presents advice on pursuing opportunities as an entrepreneur to achieve wealth.

A Silicon Valley veteran and author of the bestseller High Tech Start Up reveals the nature of unfair advantage -- that holy grail for every company, the mysterious quality that separates successful businesses from the nine out of ten that fail -- and then shows how to create an unfair advantage, build it into a business plan, and use it to maximum effect. Nesheim's first book, originally self-published during Silicon Valley's wild west days in the 1990s, quickly moved from underground hit to business bestseller. He witnessed the incredible highs and lows of the Internet bubble, and he got an intimate look at why some companies weathered the storm while others went under. Now, in The Power of Unfair Advantage, Nesheim shows you how to bring the pioneer spirit to your new enterprise -- whether you are starting a new company or trying to breathe new life into an old dog. Unfair advantage is an enduring but often overlooked dynamic and a crucial aspect of any successful business endeavor. To show you how to attain unfair advantage over your competitors, he begins with a clear model: Outsource everything you are not good at, concentrate on those things that can be differentiated, and strive for a unique, consistent difference that cannot be copied. Integrating these maxims with other essential elements, he demonstrates, with dozens of case studies, how to orchestrate unfair advantage through marketing, sales, engineering, and operations. Unfair advantage can take many forms. Pager maker RIM rocketed to the top of the mobile wireless email market with Blackberry by employing an unfair advantage that it alone possessed -- pager technology and pager infrastructure. Alternately, an unfair advantage can come from a unique relationship with a strategic alliance partner, as when Flextronics pulled Handspring out of a life-threatening crisis. The Power of Unfair Advantage is an essential handbook for every manager who is responsible for introducing a new product or service and every entrepreneur and would-be who plans to start a company. Unfair advantage is here to stay -- learn how to lasso its power, rise above the competition, and build a flourishing, long-lasting business.

The winner of the UK's Business Book of the Year Award for 2021, this is a groundbreaking exposé of the myths behind startup success and a blueprint for harnessing the things that really matter. What is the difference between a startup that makes it, and one that crashes and burns? Behind every story of success is an unfair advantage. But an Unfair Advantage is not just about your parents' wealth or who you know: anyone can have one. An Unfair Advantage is the element that gives you an edge over your competition. This groundbreaking book shows how to identify your own Unfair Advantages and apply them to any project. Drawing on over two decades of hands-on experience, Ash Ali and Hasan Kubba offer a unique framework for assessing your external circumstances in addition to your internal strengths. Hard work and grit aren't enough, so they explore the importance of money, intelligence, location, education, expertise, status, and luck in the journey to success. From starting your company, to gaining traction, raising funds, and growth hacking, The Unfair Advantage helps you look at yourself and find the ingredients you didn't realize you already had, to succeed in the cut-throat world of business.

Are you ready to unleash your unfair competitive advantage in the marketplace? Every believer in business desires to hear, "Well done good and faithful servant." Yet few of us are ever taught how to fully leverage our most powerful competitive advantage. In this fast-moving and practical book, Dr. Jim shares a step-by-step guide to unleash your most powerful marketplace advantage.

Take a journey with Force Recon Marine and Pro MMA Champion Chad Robichaux as he shares glimpses into the life of special operations, professional fighting, and deep insight into this world's spiritual battles. Chad shares successes and failures experienced in Afghanistan, the MMA cage, and his biggest fights: struggling with PTSD, a near divorce, and almost becoming another veteran suicide statistic. Each chapter shares parallel stories of biblical warriors who faced similar struggles and reveals the unfair advantage that led them to victory in the midst of those battles. Discover that same advantage for the battles you face, and unlock the warrior spirit sewn in your heart by God himself.

Are you sick of working 9 to 5? Would you love to earn money from the internet, but don't know where to begin? Are you struggling to create the lifestyle of your dreams? New York City Apparel Shops

Presents a model for a successful company that involves strategic outsourcing, differentiation, and professional alliances, sharing a wealth of case studies designed to help companies build effective business plans and excel in their markets. 35,000 first printing.

The must-read summary of John Nesheim's book: "The Power of Unfair Advantage: How to Create It, Build It, and Use It to Maximum Effect". This complete summary of the ideas from John Nesheim's book "The Power of Unfair Advantage" shows that when a company has an unfair advantage in business, it is no longer required to compete against everyone else on a level playing field. Instead, it loads the dice in its own favor, and makes success more likely. In his book, the author explains how unfair advantage is the holy grail of the business world and is the engine that drives the growth of business start-ups and turns them into world-class enterprises. Quite simply, everyone and every organization needs an unfair advantage in order to stand out in this intensely competitive world. Added-value of this summary: [Save time](#) [Understand key concepts](#) [Expand your knowledge](#) To learn more, read "The Power of Unfair Advantage" and discover how you can harness an unfair advantage in the market and ensure success.

In late January, 2009, Robert Kiyosaki launched CONSPIRACY OF THE RICH - a free online book which was written in serial basis to help people understand how the current recession came about, and what they need to learn on how to survive through the coming rough years. An unprecedented publishing event for Kiyosaki and The Rich Dad Company, CONSPIRACY OF THE RICH is an interactive, "Wiki-style" project in which Kiyosaki has invited feedback, commentary, and questions from readers across the globe. The response so far has been totally fantastic. Millions and millions of readers have flocked to the website (www.conspiracyoftherich.com) to read what Robert has to say about the recession, and the readers have posted thousands of comments. Some of those reader comments will even be included in the final tradepaper version.
